

## Stewart B. Lang Memorial Library

### Resolved:

*The Board of Trustees reluctantly accepts Caroline Chatterton's resignation as our Library Director. Caroline has accepted an impossible-to-refuse career position with one of our neighboring library systems. The Board is very grateful to Caroline for the time she spent in Cato administering our Library and helping guide us into the future.*

*On a happier note, the Board is very pleased to announce that our own Gayle James has accepted the position as our new Library Director. Gayle has worked at the Library and actively supported our programs for many years, and is especially dedicated to early literacy and working with the children of our area. The Board is looking forward to working with Gayle as we strive to continue improving our value to the communities we serve.*
