

Building Committee Minutes October 24 2019

In attendance: Joan McCadden, Jill Fudo, Betty Brant, Julie Dillon, Jim Dillon, Gayle James

Jim started off the meeting thanking the members for their attendance and for taking part in the first phase of our building project (creating a building plan based on the attributes that the committee spent the previous meetings outlining). The next phase of committee work will be coming up with a marketable plan to make the new library a reality.

Jill will provide multiple sets of the finalized plans for placement around the community as well as larger displays for use at community meetings and events.

A discussion followed on the revised set of plans that Jill provided. These plans will be attached to these minutes. Based on the committee comments, a "final" plan will be created for community review and will be provided to the committee when finished.

Jill will work up a few design options for the exterior of the building as well.

No new meeting will be scheduled until the next phase of committee involvement commences.

Respectfully submitted,

Gayle James
